 - (a) through the Developer License; and
 - (b) subject to section 3.3, to conduct Transactions through the Production License, (collectively, the "**License**").
- 1.2 **Customer License** Subject to the terms of this Agreement and payments by the Licensee of the Fee, Nearmap grants to the Licensee Customers a non-exclusive, non-transferrable license to use internally imagery obtained in connection with a Transaction, and create Derivative Works, in the ordinary course of their business but at all times excluding any resale.
- 1.3 **Renewal** This Agreement may be renewed for a successive twelve (12) month period by mutual written agreement of the parties, which may include any amendments to this Agreement by the parties (**Renewal Term**).
- 1.4 **Acknowledge Nearmap source** The Licensee must acknowledge Nearmap as the source of the Products by displaying and incorporating Nearmap's logo or other appropriate attribution, to be approved by Nearmap in writing, where the Product is integrated or embedded into the Licensee's Platform, Derivative Works, or Transactions. The Licensee and the Licensee Customers must not remove or cause to be removed any Nearmap logo or other approved attribution in any Product, where the Product is embedded into the Derivative Works and Transactions without Nearmap's prior written consent.
- 1.5 **Periodic Data Allowance** Nearmap measures data usage by the Licensee under this License. The Licensee's consumption of data in the Period must not exceed the Periodic Data Allowance. The following conditions apply to the Licensee's Periodic Data Allowance:
 - (a) the Periodic Data Allowance used by the Licensee will be calculated at the end of every Period based on the total data usage of all users who access and use the Licensee's Nearmap account and any access through an API during that Period;
 - (b) if the Licensee elects to download Products available to the Licensee on the Website and API, this will be applied to the Periodic Data Allowance;
 - (c) if the amount of data consumed by the Licensee in any given Period is less than the Periodic Data Allowance, the balance will not be rolled over to a following Period, which includes any additional Increment Blocks purchased;
 - (d) in the case of the Developer License, if the Licensee exceeds the Periodic Data Allowance, Nearmap may, in its absolute discretion, restrict the Licensee's access to the Products until the Periodic Data Allowance is reset. If the Licensee is restricted from accessing the Developer License, the Licensee may still conduct Transactions through the Production License;
 - (e) in the case of the Production License, subject to section 1.5(f), if the Licensee exceeds or is about to exceed its Periodic Data Allowance and has not purchased Increment Blocks as detailed in section 1.7, Nearmap may, in its absolute discretion, elect to:
 - (i) allow the Licensee to continue conducting Transactions through the Production License, where the Licensee agrees it will be charged on a per Increment Block basis at the Bulk Block Rate for excess data usage; or
 - (ii) restrict the Licensee's access to the Products until the Periodic Data Allowance is reset;
 - (f) if the Licensee is about to exceed its Periodic Data Allowance within the last sixty (60) days of the Term (or Renewal Term), the Licensee will be permitted to continue conducting Transactions where it will be liable to pay for the additional data used based off the Single Block Rate or alternatively the Licensee may purchase additional data in increments specified for Increment Blocks at the Bulk Block Rate. If no election is made, the Licensee will automatically be liable to pay for charges based off the Single Block Rate.
- 1.6 **Single Block Rate** Charges relating to Single Block Rate under section 1.5 will be invoiced on a monthly basis, payable within the Payment Term from invoice date.
- 1.7 **Increment Blocks** Under the Production License only, if the Licensee is about to exceed its Periodic Data Allowance, the Licensee may purchase additional data in increments as specified for Increment Blocks at the Bulk Block Rate. Additional data corresponding to the number of Increment Blocks purchased will only be added to the Licensee's usage account once payment has been made within the Payment Term from invoice date.
- 1.8 **Renewal Fees** The fees payable for any Renewal Term will be the total of Fees payable for the initial Periodic Data Allowance and all fees payable for the Increment Blocks purchased during the current Term (**Renewal Fees**). The Periodic Data Allowance for any Renewal Term will be recalculated based off the Renewal Fees as shown on the renewal quote.

- 2.5 **Permitted caching** The Licensee is permitted to cache Product that is directly connected with a Transaction, provided that any cached Product is only permitted to be retrieved by the Licensee for the sole purposes of enabling a Licensee Customer to use such Product (where the same Product was previously provided to or accessed by the same Licensee Customer) as permitted under this Agreement.
